Dear Mr Weisberg.
I read your monumental book Post mortem of JFK. Nothing new in photos or pictures. Your analysis is correct that no bullet passed tie or shirt collar. Many simple questions arise. If a bullet passed (From the rear or Front) JFK throat it should severe the spinal - instant paralysis and a fountain of blood should come out of the mouth. No such things ever showed on pictures (moovie). With scull shattered and brains damadged JFK probably was dead before entering the hospital - so why last minute operation? The attitude of Kennedy's Family was very bizarre. It was told that the authopsy pictures were in theire hands. Were they terrorised to deny it? Robert K. as A. Gen. could do more about the investigation. And just last year T. Kenn. publicly declared that nothing was wrong with Warren Report. And now the pressure is building up For reopening of the case and every paper or magazine is printing "love" stories of JFK (and Rob.). Per these stories they slept with every whore in the

World. To King it was the same treatement while he was alive.
So you could'd get to authopsy x-rays and pictures?
Shortly before Nixon was Kicked out (resigned) a book was published by T. H. Tetens "The road to Treason" Box 631 Englewood N. J. 07631 (52 pages $3.00). In this book he accuses Nixon and Kissinger in instigating the 1973 Yom Kipur war. I wrote in dozen places - officials, papers - to ask if it was truth.
Finaly from Dept of State via M. Nessen I was told that the accusations were "monstrous"! If the gov't says so, it must be so. We were told that Oswald, Ruby, Ray, Sirhan, Bremer were "loners"! ~~So~~ probably it must be so.~~?~~
Sky is the limit for human stopidity
How lang the lies can last?

very truly yours
